

RIOTING  
IN VIENNA  
SERIOUS

Many Killed and Number  
Wounded Sunday  
Afternoon

PEOPLE DEMAND BREAD

High Prices of Necessities of Life  
Cause of all the  
Trouble.

Vienna, Sept. 18.—A critical situation has arrived in Vienna, owing primarily to the high price of the necessities of life. Riots broke out Sunday afternoon and many persons were killed or wounded.

Troops fired on the mobs, which had erected barricades in the streets. There was a fierce exchange of bullets and the soldiers were pelted with all sorts of missiles.

Following a huge Socialistic demonstration Sunday afternoon, outside the Rathaus, for the purpose of protesting against the high prices, it became necessary to call out troops to disperse the rioters. In the early clashes 50 of the rioters were wounded and 100 arrested.

Fifty thousand persons were present at the demonstration, and fiery speeches were made demanding that the government permit the importation of foreign meat and take other measures to remedy the condition.

After the meeting a large procession marched to the Parliament buildings, cheering for revolution. Revolvers were fired in the air and then the mob began stone-throwing.

The windows of many public and private buildings, restaurants and tram cars and street lamps were smashed. Finally a squadron of dragoons and a detachment of infantry appeared on the scene. They charged the rioters and dispersed them.

The mobs reassembled, however, in the suburbs, which are occupied by the working class, where they wrecked more property. The troops were retained throughout the day guarding the imperial palace and government buildings and holding all approaches to the inner city.

Toward evening the rioting in the Ottakring quarter became more furious.

The mob demolished all the street lamps in the main thoroughfare, plunging the streets into darkness.

They erected barricades and hurled missiles of various kinds on the soldiers from the upper windows of houses.

The order was at length given to the troops to fire. At the first volley many rioters fell, either killed or wounded. Several of the soldiers and policemen also were injured, and 100 more of those engaged in the conflict were placed under arrest.

The agitation is the culmination of months of bitter discontent over the steady increase in the cost not only of food but of lodging, clothing and all the necessities of life, and unless Parliament takes action it is feared the disturbances will become widespread.

The rioting was of a most determined and savage character. The mob was especially inflamed by the appearance of troops on the scene, and although an official account states that only one person was killed by a bayonet thrust, several wounded by a volley and about 60 seriously injured there is reason to believe that the casualties were much higher. Unofficial reports say that six persons were killed and more than 200 severely injured.

It appears that the Socialist party although they encouraged the demonstration, had refused to take any responsibility for the maintenance of order and had appointed no committee to control the proceedings. Hence every thing devolved on the police, who after showing praiseworthy patience and forbearance became hard pressed and were obliged to call for military aid.

The appearance of the troops intensified the wrath of the rioters, who shouted:

"We want no military. We want bread!"

Stone throwing became incessant, and clashes between the police and the mob, when the cavalry charged continued throughout the afternoon. Besides smashing windows the mob wrecked a cafe and demolished an automobile standing in the street.

At the height of the disorder the Socialist leader, David, tried to calm the crowd, but an infuriated mob set upon him and beat him into unconsciousness. He was removed to a hospital streaming with blood.

All available cavalry were brought out to line the street and protect the public buildings.

The rioting in the Ottakring quarters was still more serious. Tram cars were overturned and shops were wrecked. The mob forced its way into a school house and dragged forth all

FORMER U. S. SENATOR CARTER  
OF MONTANA DIED SUNDAY  
MORNING AT WASHINGTON

Washington, Sept. 18. — Former United States Senator Thomas Henry Carter of Montana, for many years a notable and picturesque figure in national politics, once chairman of the Republican national committee, and since last year chairman of the American section of the International Commission, died at his home on Sunday of infection of the lungs. He was 57 years old.

The funeral will be held at St. Paul's Catholic church in this city at 10 a. m. Tuesday. The interment will be at Mt. Olivet cemetery, this city.

Mr. Carter had a remarkable career. It extended over 22 years of congressional and official life at Washington. This embraced service as the first representative elected from Montana, two terms in the United States senate and executive positions as commissioner of the general land office; chairman of the Republican national committee in the second and successful campaign of Benjamin Harrison for the presidency, president of the board of United States Commissioners for the Louisiana Exposition at St. Louis, and since last March chairman of the newly created "International Joint Commission, American Section," especially charged with Canadian boundary matters.

As a lieutenant of Senator Aldrich, Republican leader of the senate for many years, he did notable work. At one time Mr. Carter was mentioned as a possible successor of Associate Justice Moody of the supreme court of the United States, and it was said President Taft had considered him for secretary of the interior to succeed Richard A. Ballinger. Among the managers suggested as a possible head of the Republican national committee for the campaign of 1912 the former senator's name had been mentioned.

His defeat by a Democrat for reelection to the senate caused Mr. Carter's retirement from that body March 4 last. President Taft then named him a member of the international commission. He framed and fought for conservation legislation, opposed extravagance in irrigation projects, and campaigned for the Taft Canadian reciprocity bill.

The furniture into the street and burned it. The troops were obliged to fire into the crowd and many rioters fell bleeding to the ground.

It was near midnight before a semblance of order was restored. There are fears of a renewal of the scenes today. It is rumored that the government will proclaim a minor state of siege.

The Emperor himself has frequently urged the government to take steps to stem the rise in prices.

In a fall with his machine from a height of 25 feet, Rodgers slightly injured his ankle and wrecked the plane at once.

At 11:15 he soared over Elmira, having made 26 miles in 30 minutes. He is now 274 miles from his starting point.

By far the most daring robbery which has been committed in Newark was that of Sunday night, when a man impersonating a city patrolman entered an Italian boarding house, operated by Plepp Bellerino at 269 Race street, and relieved the boarders of \$333 and made good his escape. His chances to make a complete getaway are good, as the police have little or no clue on which to work.

It was late in the evening when the robbery occurred and nearly all the men in the house but the proprietor had retired.

The robber knocked at the door and was admitted, uniform and all. His companion, a man attired in plain clothes, carrying a big revolver, backed up to the door and stated that no one would be allowed to escape.

The uniformed "patrolman" told the boarding house keeper that the First National Bank had been robbed and he had been sent to search the boarding house to see if any of the missing money could be found there. He ordered the proprietor, Bellerino, to produce all the money in the place.

Utterly terrorized by the man's threatening flourish of his weapon, Bellerino made haste to bring out the savings of the half dozen Italians who lived at his home. When the money was all spread out the "officer" made a great pretense of examining the silver and currency and of course "identified" it as a part of that having been stolen.

In their ignorance of the laws of the new country, Bellerino thought there was nothing for him to do but to allow the alleged officer to take the money. The latter gave the Italian a receipt for the entire sum and upon one he wrote: "Be at the court house at 9 o'clock tomorrow a. m."

The officer and his companion then departed hurriedly and soon disappeared in the darkness.

When the matter was brought to the attention of Captain Charles Swank this morning he immediately investigated the theft personally.

Bellerino told him that the alleged officer was attired in a regulation patrolman's coat, which was buttoned closely to the neck. He wore a blue helmet and a good imitation of an officer's badge was pinned to the coat. He carried a mace, though the latter was a rough affair and very evidently was "home made." The "officer's" companion was

SAVING THE  
CORN CROP  
FROM FLOOD

Pomeroy, Sept. 18.—Thousands of men, women, children and teams worked along the Ohio River shores Sunday and by torchlight last night in removing the immense corn crop on the low grounds to points of safety from the flood now swooping down the valley.

The marks now show the greatest flood at this time of the year since August, 1875, with the water still rising eight inches per hour. There will be a great crop loss, as not enough men and teams can be procured to save it, although the county has been scoured for live miles in the interior for help.

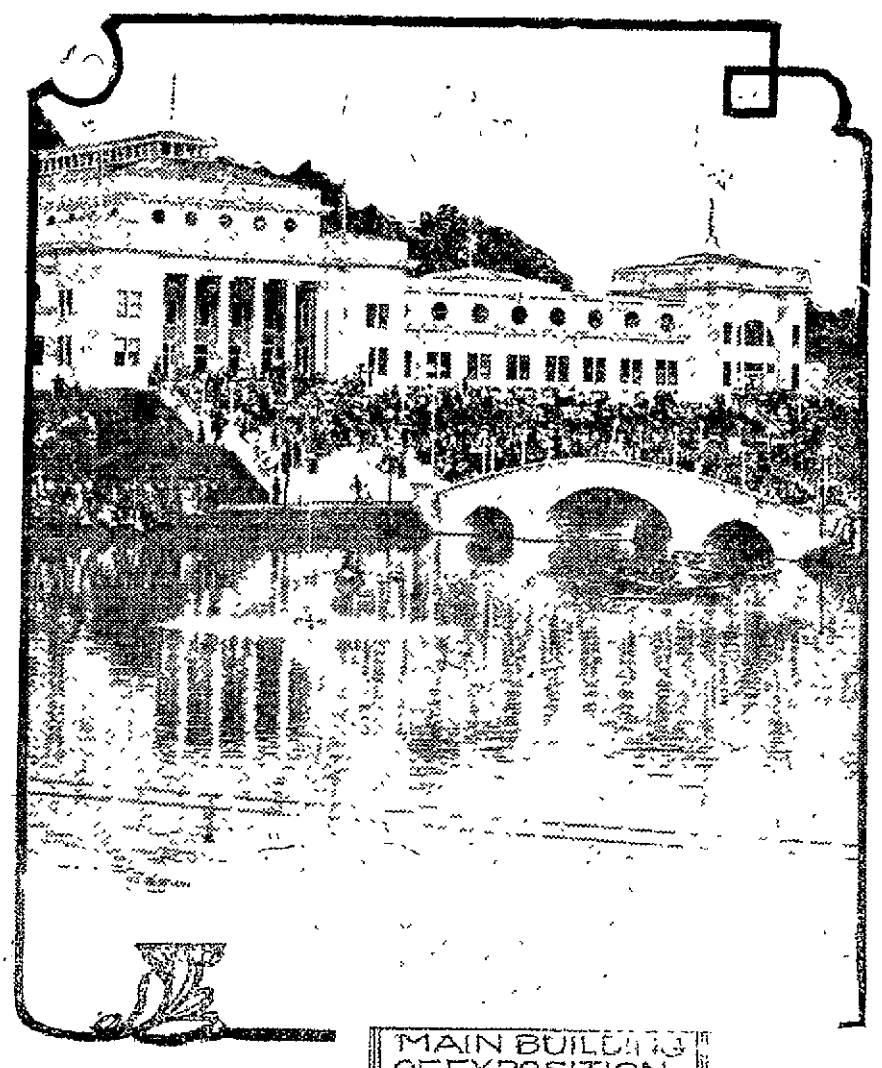

ANOTHER VICTIM  
OF TOADSTOOLS

Cleveland, O., Sept. 18.—With Carl Schorman, a prominent brewer, dead, physicians stated today that two more of the eleven persons poisoned by toadstools for mushrooms cannot live throughout the day. Mrs. Emma Schorman and her son Henry are in hospitals suffering from the deadly poison and attending physicians hold out little hope for their recovery.

D., Sept. 18. — Abandoning his efforts at remaining out of the custody of Canadian authorities, Ed Davis, the confessed abductor of Mrs. Eleanor Gladys Price, the Snowflake, Man., school teacher, late yesterday was taken to Borden, Man., where he will be held for hearing. While in jail at Langdon Davis talked freely about his experiences when being hunted by 500 searchers, but was reticent about making a statement regarding the abduction of Miss Price, beyond admitting that the girl's story so far as his holding her a prisoner is concerned, is true.

GOV. HARMON AT APPALACHIAN  
EXPOSITION AT KNOXVILLE, TENN.

Knoxville, Tenn., Sept. 18.—Governor Judson Harmon of Ohio was the guest of the Appalachian exposition for a few hours Saturday night, speaking at 8 o'clock in the exposition auditorium, to a large audience.

Accompanied by Mrs. Harmon, Ohio's governor reached Knoxville Saturday afternoon, accompanied by a reception committee which had gone to Greenville to meet them. The governor was to have spoken at 4 o'clock, but a severe storm caused a postponement of his address.

Governor Harmon referred briefly to the conference of governors at Spring Lake, N. J., and then launched into a speech largely local in nature, dealing with the value of expositions, and especially the Appalachian. Governor and Mrs. Harmon left for Cincinnati. A reception under the auspices of the Knox County Democratic club planned for Saturday night had to be called off owing to the change of the governor's speaking time.

EPIDEMIC OF TYPHOID  
FEVER NOT DUE TO WATER  
FURNISHED BY THE CITY

In a report forwarded Saturday to the state board of health, Dr. W. H. Knauss, local health officer, listed 25 cases of typhoid fever which were reported to him between Sept. 1 and Sept. 15. Some of these cases have recovered, however, and other new ones are under suspicion. This afternoon three new contagious disease cards will be placed on the houses of as many victims of the fever, indicating that since Saturday three new cases have developed. All of these have been under suspicion for several days, and the blood test has shown the presence of typhus germs.

The local department is now satisfied that the infection in the present epidemic did not come from the water from municipal water mains. Analysis of the water made in the last few days shows that the city water is as pure and free from contagion as natural water can be. Dr. Knauss states that the city water could not be improved upon unless it was treated with chemicals to purify it.

In some cities the water is purified by a chemical process. Here a natural filtration, known as the infiltration system, is in vogue and the analysis shows that it is successful. The department will have further analyses made from time to time to make sure that the water has not become infected. Samples of water have been taken since the heavy rains and these will be sent to Columbus for examination, to see whether the rainfall has had any effect on the purity of the water supply.

Dr. Knauss stated today that he was satisfied that the source of the recent epidemic had been discovered and abated and that as soon as all the cases from this infection have developed that the epidemic would be broken.

One death has occurred, that of a Mr. Clark, on Valandigham street, but he is out of the epidemic district and it is believed that his infection

came from ordinary sources and not from the source which has been abated by the city board of health. This case was practically the only one outside of the epidemic district.

**STOLYPIN SUCCUMBS TO WOUNDS**

Kiev, Russia, Sept. 18.—A gallant fight for life ended late today when Premier Stolypin, for several years the most commanding figure in Czar Nicholas' government, died from pistol wounds inflicted by a lawyer named Bogrot in the Municipal theatre late Thursday. His death has been expected for several hours. After it had appeared he would recover he was stricken with peritonitis and despite the utmost efforts of five physicians he sank rapidly. Throughout the ordeal, however, the premier displayed the greatest fortitude.

Simultaneously with Stolypin's death the belief gained ground throughout the country that his assassination is the forerunner of a series of murders of royalties, aristocrats and officials. For some time it has been expected that the terrorists were preparing for a lively campaign and a general roundup of suspects is being made by the government.

PRESIDING JUDGE OF ELECTIONS  
TO BE OF DOMINANT PARTY AT  
LAST GUBERNATORIAL ELECTION

Columbus, Sept. 18.—Overruling his predecessor in office, Secretary of State Graves today notified election boards throughout the state that in selecting a presiding judge for each precinct from the "dominant party," the deputy supervisor who appoints the election judge must determine the dominant party through the vote cast for governor at the preceding gubernatorial election. By Secretary of State Thompson had held that the dominant party must be determined from the total vote cast at the previous gubernatorial election for all offices.

PRISONER  
WALKS OUT  
OHIO PEN

Was a Trusty and Don-  
ned Clothing of Warden  
Jones' Wife

CAPTURED AT DELAWARE

Sent Up From Toledo for Atrocious  
Crime in Murdering Old  
Couple for Property.

Columbus, Sept. 18.—Michael Soboleski, the Lucas county murderer who escaped from the penitentiary Sunday evening disguised as a woman in the clothes of Warden Jones' wife, was captured in Delaware shortly before noon today. He was recognized by Clarence Noyes, chief dispatcher of the C. D. and M., who kept him in sight until he got word to the chief of police at Delaware.

"I should have committed suicide," was the only remark Soboleski would make when placed in jail.

Columbus, Sept. 18.—"Cherchez la femme" is the present slogan at the Ohio penitentiary, though the woman the prison authorities are looking for is a man.

After shaving with the warden's razor, using Mrs. Jones' talcum powder, donning first a suit of clothes belonging to the warden's son, and then covering them with feminine habiliments borrowed from the wardrobe of the warden's wife, he lifted his skirts daintily and with carefully affected feminine gait and mannerism sauntered calmly out of the front door of the warden's apartments between 4:30 and 5 o'clock yesterday afternoon and sought the streets and liberty.

The fugitive is Michael Soboleski, aged 34, a life prisoner from Lucas county, received at the penitentiary, June 22, 1909, for murder and arson. He was convicted on circumstantial evidence of murdering an old couple and burning their home. Disguised in a long black, tight-fitting coat belonging to the wife of Warden Jones, worn over a white skirt, and with his features concealed by an old black hat and a white veil, Soboleski walked out of the front door of the warden's apartments, down the steps and away to liberty. Under the coat and skirt he wore a gray suit of clothes belonging to Boardman Jones, the warden's son. The owner's name and the mark of a Philadelphia tailor are on the inside pocket of the coat.

Soboleski, who is a Pole and a skillful woman's tailor, has been a trusty at the prison for five months. He often was allowed the freedom of the warden's apartments and had the task of pressing the clothes of the family.

He was missed by the trusty in charge of the apartments at five o'clock. A search of his room revealed both pairs of his prison trousers and of bits of paper covered with lather and long hairs, showing that he had shaved off his mustache. Talcum powder, which he evidently had used liberally in making up like a woman, also was sprinkled over the floor.

The trusty notified Warden Jones and a further search showed that the coat and suit were missing.

Warden Jones immediately notified the city police, sent guards to (Continued on Page 7, Col. 5.)

B. Randall, steward at the penitentiary, and W. T. Miller, steward at the insane hospital.

BEATTIE NOW  
IN RICHMOND

Richmond, Va., Sept. 18. — Henry Clay Beattie Jr., convicted wife murderer of South Richmond, who has been confined in the Chesterfield county jail at Chesterfield C. H. since he was found guilty of the charge against him on Sept. 8, was brought to this city today in an automobile by a deputy sheriff and placed in the Richmond City Jail, where he presumably will remain until he is removed to the penitentiary for execution. He is condemned to die Nov. 24.

## SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skilled chemists better than we could do it ourselves and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## S.S.S. CURES RHEUMATISM

The usual cause of Rheumatism is an excess of uric acid in the blood which weakens and acidifies this vital fluid, and prevents the proper amount of nourishment being afforded the muscles, nerves and tendons. The pains and aches of Rheumatism may be temporarily relieved by the use of liniments, hot applications, and other external treatments, but the disease cannot be permanently benefited by such measures and is bound to become chronic and dangerous if such things are depended upon alone. S. S. S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation. When S. S. S. has cleansed and purified the blood the pains and aches cease, all inflammation disappears, and every symptom of Rheumatism passes away. Book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores.

Miss Martha Barrie, 1220 North Market street, entertained with a breakfast in her home Saturday morning at 11 o'clock, honoring Miss Margery Collins of Newark, the guest of Miss Ann Zollars, and Miss Dorothy Stockton of Buffalo, the guest of Judge and Mrs. Henry W. Harter. Covers were laid for ten guests and the affair, though very informal was one of the most charming of the week. After breakfast the guests went to Alliance where they attended an elaborately appointed card party given by Miss Margaret Ramsey in the Ramsey home which is one of the most beautiful in Stark county.

About forty guests were present and the afternoon was spent at the card tables. Miss Collins carrying off highest honors. A number of other informal social affairs are being arranged in honor of Miss Stockton and Miss Collins.—Canton News-Democrat

## HEART AND HOME TALKS BY BARBARA BOYD

Using the Best of Yourself.

**A** RESOLVE the business girl should make for the season of renewed activity that is at hand is to do the highest work of which she is capable. She should not be content to do a low grade of work if she feels within her the capacity to do a higher. And she should continually test herself, stretch herself upward, as it were, and see if she is capable of the higher.

This is not a question of doing work well. The work she is doing she may be doing well; but if she is capable of better things, she is not being true to herself to stay where she is. Every one should live up to the highest in her. It is the call of the divinity within one to come into her own.

One rarely fills up the measure of her present work without there being something bigger for her to go on to. Something in her is needing room to expand, and she needn't be afraid to go forward. True growth will proceed. The very fact that she feels that she can do the higher work means there are capacities there to do it, latent powers that are calling for a way to express themselves.

And the girl who does go on to higher work is entering new realms of happiness. As life opens out and interests broaden, joy comes to her in new forms and by new channels hitherto undreamed of. For when we climb up into this higher chamber of ourselves, as it were, we get nearer and nearer to the finer joys of living.

And the girl who is indifferent about her work should think of this. Possibly the reason she finds little joy or zest in her present occupation is because she is using only her lowest faculties; and the fine, joy-giving parts of her nature are being buried. To do the highest things of which one is capable is like mounting on joyful wing, up, up, through illimitable space to the universe's topmost peak.

The business world is getting into harness again for the new season ahead. Let every business girl in it study herself and her present position. If she feels she has mastered her present work in every detail, that there is no further room in it for her to grow, and if she feels that it by no means exhausts her capacities, then she should go on to the higher work that is waiting for her. Growth is one of nature's laws. It holds good in the business world as well as in the world of matter. And the business girl who obeys it will go on into activities and usefulness and happiness of which now she little dreams.

street. Miss Smith received many beautiful presents. Dainty refreshments were served the following guests: Mr. and Mrs. Delbert Hankinson, Mr. and Mrs. Dora Frush, Mr. and Mrs. Archie Goodin, Mr. and Mrs. Ernest Cochran, Mrs. Walter Stage, Misses Mae Lamp, Amy Cochran, Minnie Watkins, Nannie Johnson, little Miss Helen Goodin, Messrs. The Kadrita Klub was delightfully entertained on Friday evening by Mrs. Walter Stage at her home in Jefferson street. The event was planned as a surprise towel shower on one of the members, Mrs. Frank Peterman. The guest of the club was Miss John Nichols. A dainty luncheon was served by the hostess.

One of the enjoyable events of the week was the tea given on Saturday afternoon by Mrs. Nina Webb for Mrs. E. H. Everett and daughter, Miss Amy

Everett of Washington, D. C. The event was an informal one, arranged by Miss Webb to give the many friends of Mrs. Everett and her daughters the opportunity to greet them during their short stay in Newark.

Mr. and Mrs. Everett and daughters Amy and Ann have just returned from a trip abroad and Miss Amy Everett is the guest of Miss Webb, while Miss Ann Everett is a house guest of Miss Helen Wright.

The Webb home in Granville street presented a pretty scene with its profusion of garden flowers and about forty old friends called between the hours of three and five o'clock. Mrs. Frank C. Webb poured the chocolate while Miss Mary Sherwood Wright presided at the tea urn.

Miss Helen Wright entertained a company of young people on Saturday evening at her home in Eddy street, honoring her guest Miss Ann Everett of Washington, D. C. The hours were devoted to the game of hearts and dancing.

The guests were: Misses Ann Everett, Martha Wright, Mary Sherwood Wright, Sue Walker, Irma Alsapach, Juliette Besuden, Frances Wright, Messrs. Stewart Sedgwick, Walter Browne, John Ward, John and Lee Baird, Paul Russell, Frederick Wright, W. J. Cady, and Messrs. Woodward and Reese of Granville.

Why is the soda cracker to-day such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

To-day there is a soda cracker which is *the recognized staple* — Uneeda Biscuit.

Uneeda Biscuit are the most nutritious food made from flour and should be eaten every day by every member of the family from the youngest to the oldest.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package.

## HEALTH HINT FOR TODAY.

**Nasal Hemorrhage.**  
Bleeding from the nose is fre-  
quently a symptom of an under-  
lying disease, as in the be-  
ginning of typhoid fever or in dys-  
thermia, disturbances of the liver,  
congestion of the brain and  
chronic heart disease. Special  
abnormal condition of the blood  
itself, as in severe forms of ane-  
mia and hemophilia, tend to  
cause flow of blood from the  
nose. Perhaps, however, the  
most frequent cause of epistaxis  
is injury. This may be direct  
and severe, accompanied by frac-  
ture or breaking of the bony  
structures of the septum, or it  
may be indirect, resulting in con-  
gestion of the soft tissues with  
injury and rupture of the deli-  
cate blood vessels.

## PHILIPPINE INDEPENDENCE

Philippine Independence in nine  
years! This is the definite promise  
contained in a joint resolution fathered  
by Judge Cyrus Cline of Indiana,  
which resolution Speaker Champ Clark  
declares will in all probability be  
passed by the House this winter.  
Judge Cline's plan provides that the  
Philippines shall be permitted to elect  
the upper branch of the Philippine  
legislature in 1915, adopt in 1917 a  
constitution to be approved by the  
United States, and then comes the  
definite promise that by July, 1920—  
nine years hence—the United States  
shall withdraw sovereignty over the  
Philippines and permit the Filipino  
people to establish an independent rep-  
resentative government.

## Taft's Offending

Senator Cummins of Iowa has formu-  
lated a bill of particulars wherein  
President Taft has offended. Some of  
the President's offenses cited are: His  
position on the Payne-McAdoo tariff  
law; his position on the bill for the  
further regulation of interstate com-

mon carriers; his position on the  
change made in the postal savings law;  
his attitude on the control and dispo-  
sition of our public domain; his posi-  
tion on the proposed income tax law;  
his work for the peace treaties;  
his vetoes of the woolen sched-  
ule, the free list bill and the res-  
olution admitting New Mexico and  
Arizona as states. This list embraces  
nearly everything in which the Presi-  
dent took a part.

## MAINE'S CLOSE VOTE

(New York Evening Post.)  
It now seems probable that it will  
take the official count to decide which  
way the actual majority fell in the  
Maine vote on prohibition. A petition  
for a recount will almost certainly be  
filed by the losing side, whichever it  
proves to be.

The remarkable closeness of the  
vote for and against striking the pro-  
hibition clause out of the constitution  
is unfortunate. So great an issue, peo-  
ple will feel, ought not to hang upon a  
handful of ballots. If it turns out that  
prohibition is retained by a bare ma-  
jority, there will be greater dissatis-  
faction with it than ever in the larger  
cities of Maine, and lawlessness in  
the matter of liquor-selling will prob-  
ably be more conspicuous than before.  
With half the voters pronouncing  
against the policy, it cannot be said  
any longer to be sustained by an over-  
whelming public sentiment. And we  
should presume that a campaign for  
resubmission of the question would be  
started as soon as legally possible.

Yet disappointing as the practically  
drawn battle must be to all concerned,  
there is no threat on either side of con-  
testing the result, except by ordinary  
political and permissible methods. There  
is none of the Ulster talk about "tak-  
ing up arms."

## HURRY UP

(Coshocton Age.)

Congressman Ashbrook declares Co-  
shocton will get her federal building,  
and that quite soon. Power to him.  
Coshocton wants to keep abreast of  
her neighbors and if any town in this  
district deserves a government post-  
office building, this one is it. Not  
another town in the district has shown  
the growth that Coshocton showed up  
to a couple of years ago. Her post-  
office increases have been marvelous.  
A handsome building centrally located  
and owned by Uncle Sam would be a  
credit not only to the city but to the  
central government as well. The sum  
of \$25,000 would buy any necessary  
site and \$100,000 would put up a build-  
ing that would stand as a monument  
to the American eagle.

## PROHIBS BARRED FROM PLACE ON THE BALLOT

Columbus, Sept. 18.—Prohibition-  
ists are considerably worried over  
the ruling of Secretary of State  
Graves, chief election officer of the  
state, that because they did not poll  
1 per cent of the total vote of the  
last general election they are barred  
from putting municipal and town-  
ship tickets in the field this year and  
a state ticket next year.  
They do not question the legality  
of the ruling under the law, because  
it is as clear as daylight that no  
party can get on the ballot which  
gets less than 1 per cent of the vote,  
but what disturbs them most is  
how they can ever get on the ballot  
as a party again.  
To be eligible to a place on the  
ballot they must poll 1 per cent of  
the total vote cast at the general  
election. Failing to do this last year  
they are ousted from their right to  
get on the ballot, and this has set  
them to wondering how they can get  
a chance to get the necessary 1 per

## ENCOURAGEMENT.

I used to work for Mr. Knox, a farmer who had lots of rocks. I  
left my couch at break of day and toiled until the dusk was gray.  
And when the evening meal was o'er I had to do chore after chore;  
I had to feed a million sows, and milk about a million cows;  
And never once did Mr. Knox remark to me: "Well done, old Sox!"  
He never cheered my dismal days by handing out a word of praise.  
What wonder, then, that in my ire, I set his house and barn on fire,  
and swiped a wagon-load of straw, and carried off his mother-in-  
law. I went to work for Mr. Deans, and plowed his corn and hoed  
his beans, and when I came in from my toil all plastered o'er  
with sweat and soil, he always had some kindly word; he called me  
a loon, a peach and bird. And so my labor was delight, and though  
fagged out and worn at night, I trotted blithely out of doors, and  
gaily did a million chores. If all employers only knew how much  
a word of praise will do, the sullen workmen that we see would do  
their little stunts with glee.

## COM. PERRY'S BONES MAY REST AT PUT-IN BAY

Columbus, Sept. 18.—Adjutant  
General Weybrecht has proposed that  
the body of Oliver Hazard Perry, which  
is buried at Peacedale, R. I., be re-  
moved to Put-in-Bay and reinterred  
there within sight of his historical  
naval victory. The proposal was  
made to the Perry's Victory Centen-  
nial Commission and will be taken  
under advisement.  
Whether or not the people of  
Rhode Island would consent to the  
removal of the body is doubtful.  
Perry died at the island of Trinidad  
in 1826. His body was brought back  
by the U. S. sloop Lexington, in com-  
mand of Capt. William B. Shubrick.

## TWO MEMBERS FROM CO. G ARE CHOSEN FOR SHOOT

Company G of this city has been  
signally honored by the selection of  
two of its members, William Carrier  
and H. D. Griffith, to contest at the In-  
ternational shoot which is being held  
at Camp Perry. The men were select-  
ed by the high scores made at the state  
encampment which was held at Camp  
Perry in June and they left Friday  
evening to compete with members of the  
Ohio National Guard from many  
states.  
Mr. Carrier is an old army man, hav-  
ing spent three years in the Philip-  
pines. Both men are winners of many  
high scores.

## LANDLORD SEILER SURPRISED SUNDAY BY MANY FRIENDS

Mr. A. H. Seiler, the popular land-  
lord of the Hotel Seiler, was given the  
surprise of his life Sunday night.  
While quietly resting Sunday evening,  
a large number of friends, many of  
whom were members of the Order of  
Apes, called at the hotel and surprised  
him. It was the sixtieth anniversary  
of Mr. Seiler's birth and this fact be-  
coming known, friends planned to  
assist him in properly celebrating the  
event. Mr. Seiler, although taken  
completely by surprise, nevertheless  
quickly rallied and devoted himself  
assiduously to the task of entertaining  
his self-invited guests. One of the  
features of the occasion was the splen-  
did supper that was served in the din-  
ing room, and to which all did ample  
justice. After all had satisfied the in-  
terior man, Mr. F. O. Spaulding, book-  
keeper for the Holophaene company,  
called the assemblage to order and a  
number of toasts were responded to. It  
was an occasion that will long be re-  
membered by all who were fortunate  
enough to be present at the celebra-  
tion.  
An average woman requires but nine-  
tenths as much nourishment as an aver-  
age man.

## MEETING OF THE LICKING COUNTY HUMANE SOCIETY

A special meeting of the Humane  
Society of Licking County was held  
September 14 in the convention room  
of the court house. The meeting was  
called to order by President M. R.  
Scott. A good attendance was pres-  
ent, which demonstrated the fact that  
the people in general are interested  
in the movement now on foot to se-  
cure the required appropriation from  
the city and county to maintain an  
officer for the society.

This matter was fully discussed,  
and on motion by E. C. Richardson,  
seconded by W. W. Gard, the proposed  
mandamus proceeding to require the  
city council and county commissioners  
to appropriate the minimum salary  
which the law requires was continued  
in the hands of the committee until  
after the election of new council, No-  
vember 4.

The yearly dues of the members of  
the society being past due, the secre-  
tary was instructed to collect the  
same, which was fixed at 50 cents a  
year, and to turn the money over to  
the treasurer, Miss Laura Jones.

The secretary was authorized to  
make payment for the janitor services  
in the use of the convention room for  
three meetings, at 50 cents a meeting,  
or \$1.50 total. It has been decided  
to meet the first Tuesday in each  
month in the convention room of the  
court house, our regular place of  
meeting, instead of the first Tuesday  
of each month. Several people have  
complained that they did not know  
where the convention room was lo-  
cated and believing others did not  
know, I will say that it is in the south-  
east corner of the court house base-  
ment, entrance on the south side.

The foregoing will explain the posi-  
tion of the society at the present time  
and I promise the society and public  
that we will not stop work on the la-  
bors of securing a salaried officer un-  
til we get one. Then we will be in a  
good shape to carry on the humane  
work that is so much needed in our  
city and county.

While the society is securing an officer by  
the aid of the police force we will carry on  
the work as best we can, and all peo-  
ple interested in and desiring to assist  
in this work for dumb animals and for  
the protection of children and grown  
people, are requested to come to our  
meeting the first Thursday in October,  
or call on the secretary at 219 E. Main  
street, and join the society or the mem-  
bership fee can be paid at the office of  
the Advocate or American Tribune.

In conclusion, I am instructed to  
give warning that the society will  
prosecute all cases of cruelty, over-  
loading and undereading of horses,  
working an old, maimed, sick or dis-  
eased horse, or abandoning a horse  
on a road, or breaking a horse, or in-  
terfering with the eyes of the horse, or  
keeping an inclosure without wholesome  
exercise and change of air or feeding cows  
food that produces impure and un-  
wholesome milk; or one who need-  
lessly kills or mutilates, and all dog fight-  
ing and cock fighting, the administ-  
ration of poison to domestic animals.  
Here it must be said that the so-  
ciety does not desire to prosecute any  
one at all and are giving a few warn-  
ings that it may be prevented. The  
society desires to instruct and give  
warnings, but if the law must be re-  
sorted to it will be done.  
J. P. HARTIS, Sec'y.

## LABORERS ON COUNTY ROAD GO ON STRIKE

Laborers, employed by Vogelmeier Bros., who have the contract for the construction of the county road between Newark and Jackson town, dropped their tools today at noon and left the contract. A difference between employer and employee regarding the hours and compensation is given as the cause of the strike.

According to one of the workmen, they have been putting in 10 hours a day for \$1.75 and the men want the hours reduced to nine or the day wage scale increased to \$2.

There were 25 or 30 men employed on the contract, exclusive of the teamsters, and all but a half dozen or so quit work. They claim that the teamsters will not be able to work without the help of the laborers.

It is learned that the real grievance of the men is their objection to the foreman of the gang, who it is said, works them more than they are able to stand.

The Grand Theatre will be closed today for repairs. Opens tomorrow. 1

## GRANVILLE LIBRARY IS APPRECIATED

Report of Librarian Shows That It Is Well Patronized—Cplain of Trolley Guide Wires.

Granville, Sept. 18.—That the Granville Public Library is becoming a most important factor in Granville is evidenced by the large number of persons who avail themselves of the opportunity to secure good reading. During the month of August, according to the report of the librarian, Miss Adella Smith, 76 men have visited the library, 166 women, 143 boys and 351 girls, making a total of 736. The daily average was 28 1-3. The smallest number was 16 and the largest 37; 347 books were taken out. Books were presented to the library as follows: One volume by Miss Thorne, five by Dea Wilson, two by a friend, one by The Fortnightly club, fifty by Mrs. W. H. Wilson. The interest in the library and the attendance has shown a steady increase during the past few months, the attendance being almost double what it was a year ago.

B. N. Sigler of the Logan company, who has been in quite poor health for several years, will leave tomorrow for Asheville, N. C., where he will spend the winter and where he hopes to derive benefit from the change.

The Columbus company has started drilling on the Carle Dunn farm in Union township. It is also drilling on the O. J. Green farm, northeast of Hebron.

The Fortnightly club will hold its first meeting of the club year at the home of Mrs. A. K. Follet tomorrow, Tuesday evening, at 7 o'clock. The prospects are very bright for a most successful and entertaining season.

Comparatively few farmers place their names on their barns, and sel-

dom renew the painted address on the mail boxes, but if they realized how interesting it is to strangers driving through the country, we believe that most of our farmers would provide means of identification. A man in town who comes in contact very often with a farmer and knows him as his next door neighbor, is very often unable to drive to his farmer's house.

Some complaint has been made by the way in which the guide wires of the trolley running through Granville have been placed. In many cases the wires are run through branches of beautiful trees and the continual swaying of the wires against the branches has had the effect of killing some of the trees.

Mr. and Mrs. D. L. Jones and children, Harriet and Mary, left Monday morning for Pittsburg, where they will make a visit with Mrs. Jones' parents, Mr. and Mrs. C. S. Williams.

Mr. and Mrs. Wayland Marlow and son of Niagara Falls, N. Y., have been visiting Mr. Marlow's mother, Mrs. Louisa Marlow, for some time.

Miss Inez Jenkins of Postoria, is visiting her friend, Miss Ella Davis, at her home a short distance north of the village.

Mrs. V. E. Kinser and granddaughter visited the family of D. M. Geiger and Mrs. Ella White in Hebron, last week.

Everybody connected with Denison University is jubilant over the outlook for the coming year, and the people of the community as well as the members of the faculty and others interested in the institution are happy to note the fact. Everybody hopes that the year will be the best and biggest in every way.

Miss Dorothy Porison and brother, Donald, of Millersport, have entered Denison university.

## FARMING PAYS IN THIS VICINITY

Harrison Bell sold last week to William E. Bell his 80 acres in Morgan township, which was formerly the Reuben Debolt farm, for \$7600, or \$95 per acre. There are no buildings of any consequence on the place. Harrison Bell bought the farm about 14 years ago for \$37 an acre and has worked it hard. Besides, he has received from its gas lease, to date, \$17 an acre. This shows that it is not necessary to go to the west or a new country to make a real estate investment that will grow in value.

Mr. Bell also cleared several thousands on his Robinson Johnson farm at the edge of Utica, and has 30 acres of it left, from which he receives \$200 a year for a gas well.—Utica Herald.

## MANY VETS DIED DURING AUGUST

Toll call at the great beyond was answered by 532 civil war veterans in Ohio during August, as shown by reports compiled recently by Colonel W. L. Curry, United pension agent.

The pension office issued Monday the first day for paying vouchers, 4016 checks, amounting to \$181,282.69, distributed as follows: 2770 amounting to \$138,637.36 to invalids and 1246 amounting to \$15,645.33 to widows. The payments for Monday a year ago

amounted to \$188,000. The office will be busy paying vouchers during this week, by the end of which almost all will have been paid. Total payments will aggregate \$3,000,000.

## BURGLARS ENTER HAMILL HOME ON FOURTH STREET

Burglars effected an entrance to the home of James K. Hamill, 553 North Fourth street, some time between 11 o'clock Sunday night and 6 o'clock Monday morning. As far as can be learned, the burglars got but little for their labor, taking \$7.50 in money and other articles of minor value.

Entrance was gained through a window, from which the screen was removed. Part of the plunder was taken from the second floor and the balance from the first floor. The money was taken from a purse in Mrs. Hamill's room. The purse was taken to the first floor, emptied of its contents and left in the house. The police are working on the case.

## NEWARK BABY IS A PRIZE WINNER

Clouds cleared away just in time Saturday to allow the Maccabees at Columbus to enjoy thoroughly their outing at Orlinburg park.

A number of contests proved highly interesting. The Worthington tent won the contest for the largest number present; Peter Coulter of Lock-hart and Mrs. Elizabeth Lenhart of Columbus had the largest families present, the latter with six children, all Maccabees; William Strickler with 280 pounds weight, was declared the largest knight present, and the largest and smallest women present were Mrs. Minnie Green and Miss Ida Shoemaker, respectively of Columbus. Careful inspection by the committee, disclosed the opinion that Mrs. June A. Whitel was the handsomest woman present, and the prettiest babies were declared to be the children of Mr. and Mrs. William A. Peer and Mr. and Mrs. R. B. Clunker, East Columbus; Mr. and Mrs. Barth Kane, Delaware; Mr. and Mrs. J. B. Mullin, Columbus, and Mr. and Mrs. Charles A. Varner, Newark.

## SUGGESTIONS FOR WISE BUYING

So many of us would often like to buy a watch or a diamond who don't feel quite equal financially to such an outlay of money all at one time. Many of us have some one dear to us to whom we would like to give such a gift for Christmas but cannot buy it then along with all the other things. Haynes Bros., the well known jewelers of 8 North Park Place, make a very excellent suggestion of a way to effect the purchase without feeling the expenditure. Mr. Haynes said: "We have just as large a stock of watches and diamonds as we will have at Christmas and you have a fine chance to select. Do this now—pay a sum down and then a part each week. You'll be surprised how quickly you get it paid for without missing the money."

Christmas is not so many weeks away, and it would be well to make that purchase now. 14-15-18

## ROUMANIANS DEDICATE NEW HOUSE OF WORSHIP SUNDAY WITH BEFITTING EXERCISES

The Roumanian colony of this city Sunday dedicated their new house of worship, a branch of the Roumanian Orthodox church, situated at German and Poplar streets.

The exercises began at 9:30 a. m. and were continued throughout the day, being participated in by local and visiting Roumanians, the church's pastor, Rev. Moses Baltea, Rev. Elie Popp of Youngstown, O., Rev. Simian Mihailian of Indiana Harbor, Ind., and Rev. Octavian Petra of Indianapolis, Ind.

The church property was formerly occupied by the Salem German Presbyterian congregation and was purchased from the synod by the Roumanians, who later added \$1300 worth of improvements to the building. It was lately finished and Sunday, Sept. 17, was chosen for the dedicatory services and the new congregation christened their house of worship Biserica Romana, Sfinta Vineri.

The dedicatory services were most interesting and were witnessed by a large concourse of people, many of whom were Americans.

After opening exercises a procession was formed, many of the marchers carrying lighted candles, and after a parade around the church the procession appeared at the doors and demanded admittance. Rev. Mr. Popp officiated, and to his request for admittance Rev. Mr. Baltea appeared and threw open the doors, signifying that the church was now ready to receive the members of the congregation. All interested and dedicatory sermons were delivered by the priests after which mass occurred, this part of the exercises lasting until after 11 o'clock.

A parade was next formed and marched from the church to West Main street, countermarching on West Main and thence to the square, marching around that thoroughfare and ending at Music Hall. The parade was a credit to the Roumanians and was in charge of Grand Treasurer of the National Roumanian Beneficial Society Augustin Sissea of this city, who led the parade in full military uniform, being mounted on a bay horse.

Next came three flag bearers, one of whom carried the American colors. They were followed by men in khaki uniform, who presented a fine appearance. The Buckeye Band was next in line and discoursed excellent music along the line of march. The band was followed in order by carriages containing Mayor John Ankele, Public Safety Director Scott, Acting Chief of Police Charles Swank and Officer James Callan, Revs. Baltea, Popp, Mihailian and Petra. Then came a number of Roumanians in native costume, looking very picturesque. These were followed by a couple of hundred male members of the church and society, all of whom wore badges and white caps. Next in line was a visiting Roumanian band from Canton, O., flag and banner bearers, officers and women of the church and society in autos and carriages.

Upon arriving at Music Hall the parade disbanded and all entered to partake of the good things which had been prepared for a banquet. The large hall was filled with five long tables, at the head of which was a smaller table, at which were seated the priests, city officials, Dr. P. H. Cosner, physician of the Beneficial Society, and an Advocate reporter. After invocation had been asked by Rev. Mr. Baltea, waiters began serving the tables, and throughout the bounteous dinner which followed the Canton band discoursed fine music, being seated upon the stage. The tables were loaded with meats cooked in native style, potatoes and gravy and there were spring chickens

enough to feed twice as many as participated. There were also vegetables, fruits and cakes, and those having the banquet in charge handed it to a nicety.

After all had partaken of the excellent spread, Rev. Mr. Baltea introduced Mayor John Ankele, and that official made a splendid speech, praising the Roumanians for their enterprise in securing their new church. He gave them much good advice and expressed the hope that all might in time become good American citizens. Rev. Mr. Baltea responded to Mr. Ankele, speaking in English, and told of customs in his country and what induced his countrymen to seek out the United States as a haven of refuge. He told of their respect for our laws, of the efforts of all to secure homes, of persecutions in the old country and how they left to seek a new abode in this land of the free and home of the brave. The reverend gentleman concluded by stating that they would all endeavor to lead such lives as would be a credit to the city which they had chosen for their homes.

Rev. Elie Popp next made an address to his countrymen, admonishing all to become good citizens and praising them for their successful efforts in securing a house of worship. Dr. P. H. Cosner followed, making an excellent address, teaming with praise for the conduct of the Roumanians in this city and complimenting them for their diligence in securing the new church.

Mr. Augustus Sissea expressed his pleasure at having the American guests present and assured them that his countrymen were all patriotic and would make good American citizens. He was followed by Revs. Mihailian and Petra, and this concluded the addresses for the time being.

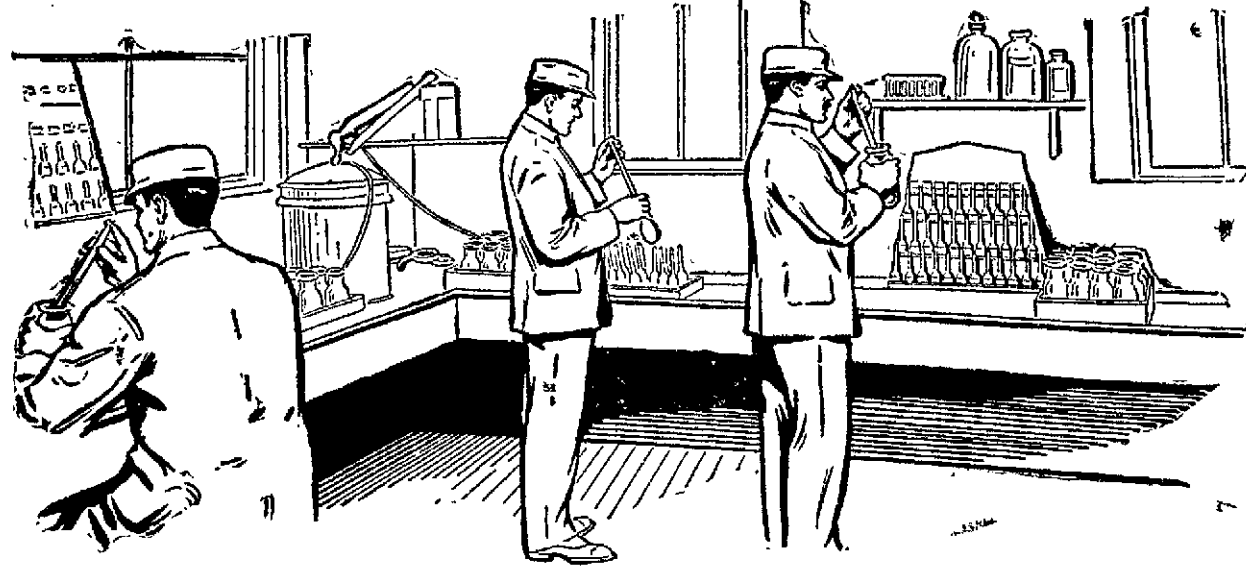

The remainder of the afternoon was spent in indulging in customs which are a part of the Roumanian religion. In the evening speeches, declamations, music, etc., continued until 11 o'clock, when the ceremonies were brought to a close by a series of Roumanian dances in costume. This was in strict accordance with the religious rites of the Roumanian church, and was not indulged in for the pleasure which might be derived from it.

The dedicatory of the Roumanian church was a success in every particular, and those having the affair in charge are to be highly complimented for the manner in which it was conducted.

## POSTPONE ROME FAIR ON ACCOUNT OF RAIN

Owing to the rain Thursday and Friday, the thirty-fourth annual fair at Rome, Ohio, which was scheduled for September 14 and 15, has been postponed until September 28 and 29. There are about 2000 entries and an exceptionally large premium list this year. The entries under the horse and cattle departments are very fine. There will also be extensive exhibits in poultry, vegetables, fruits and flowers. The officers of the fair board are: James Cockrell, Sunbury, president; Charles M. Shicks, Sunbury, vice president; E. H. Furniss, Galena, secretary; William Barton, Sunbury, treasurer, and A. B. Green, Johnstown, marshal.

## Laboratory-Tested Milk Utterly Free From Germs

For Less Than Thin, Germ-Laden Milk

### Mrs. Housewife—

Close to each of our dairies, in seven northern states, we maintain a complete milk laboratory. There we test the milk's richness and purity. There we prove that it's free from germs.

Our standards are fixed by famous Dutch and Swiss experts. And there is no finer milk produced in the world than the milk they select for you.

### Richness Doubled

The milk fresh from the cows is put into a copper vacuum. There, in moderate heat, we evaporate two-thirds of the water. Thus the richness of the milk is much more than doubled.

It is then as thick as thick cream—28 per cent solids, 8 per cent butter fat. Yet, save for the water, it remains natural milk. Nothing whatever is added. When you put back the water you have milk just as it came from the cow, except for sterilization.

### Like Using Cream

In coffee and on cereals this milk is just like cream, so rich that most people reduce it. In cooking it gives to milk dishes a most surprising flavor.

## Van Camp's Milk

Evaporated—Sterilized—Unsweetened

Van Camp Packing Co.  
Indianapolis, Ind.

Yet this is nothing but milk—just the whole, rich milk. You don't often get that from the milkman because the milk separates. Before it gets to the cooking it is often only a half-milk.

Used on the table you have the advantage of using a germless milk. Raw milk, as you know, is always germ-laden. Nothing else that is eaten or drunk carries so much infection. Van Camp's Milk is pasteurized after the can is sealed. It is absolutely free from germs.

You can buy, if you wish, a month's supply at a time. It is always on hand—milk or cream—and never any waste. An opened can keeps until you use it up.

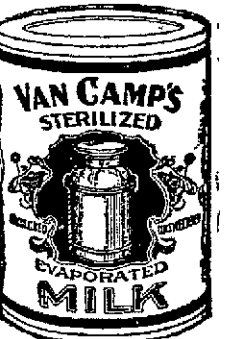

Think of buying milk from day to day—milk always filled with germs—when a milk like this can be always on hand, always fresh, always the best milk produced in America.

### It's Cheaper, Too

Our method saves the cost of daily delivery. That's about four cents per quart. And it saves all waste. In the average family the use of Van Camp's cuts milk bills square in two.

This milk—from the finest high-bred cows—tested and pasteurized—costs less than milk-wagon milk. Do you wonder that people now use all we can get from 30,000 cows?

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

## BARN BURNED DURING STORM

Lock, Ohio, Sept. 18.—Mr. J. D. Crout residing about one mile south of this place, suffered considerable loss as a result of the severe electrical storm which visited this section of the country. A bolt of lightning struck the barn in which he had stored a large amount of hay and grain in addition to numerous farm implements, all of which was destroyed. The building was ablaze almost immediately after the stroke and it was impossible to remove any of the contents before the fire had gained enough headway to make it extremely dangerous to attempt saving anything. Several chickens and a young colt perished in the burning building.

The barn, which was not the property of Mr. Crout, was partially insured but the contents, which were destroyed were a total loss, there being no insurance on them.

White Carnation Hive, No. 68, L. O. T. M., held their annual picnic at the home of Mr. and Mrs. John Lambert, near Wilkin Corners. They were met at Vanatta with a large hay wagon and given a merry ride over the hills to

the Lambert home. The new home is a most beautiful one and was turned over to the hive for the day. Mr. Lambert and son, Arthur, prepared a large table in the orchard where dinner was spread, consisting of spring chickens, pumpkin pie, etc. When dinner was ready Mr. Ralph Lambert took a picture of the table and crowd. After dinner they were all taken to the old homestead, and from there to an adjoining field under a large shade tree, where there were contests consisting of a running race, potato race, egg race, ball throwing and a game of baseball. Mr. Lambert being umpire. Mrs. Lambert gave prizes to the lucky ones. At 4 o'clock all were invited to the dining room, where they were treated to ice cream and cake by the family. At 5 o'clock the hay wagon was in front ready to take all another merry ride to the station. Three cheers were given for the Lambert family, voting them royal entertainers.

## Story — The Cat Who Stole His Friend's Mouse

Tom Came In With a Mouse

"SOME folks are so lazy that they will never do anything for themselves that they can get any one else to do them," began daddy. Evelyn blushed. She had been making poor Jack run errands all day in the sun, while she sat in the shade sewing doll's clothes. "I once knew a pussy cat, a big, sleek, gray fellow named Tim, who was just like that. He lived in a house where there was also a handsome black and white cat named Tom. Tom was a model cat, although he had been brought up in the midst of plenty. "Instead, Tim, who had been a tramp until Tom's folks took him in, was so stuck up you would have thought he always had been used to the best of everything. "It was due to Tom's kindness that Tim was adopted into the family. Tom found him one morning after his folks had moved into this house. Tim was outdoors, prowling about the garden, a gaunt gray cat little more than bones and fur. Tom brought Tim to the kitchen door and said as plainly as a cat can say, 'Give the poor chap something to eat.' Tim was fed. Then he stayed. "You would think a cat like this would be grateful for all that had been done for him. Well, Timmie wasn't that kind of a cat. Tom set him an excellent example in behavior. Tom ate neatly out of his little dish whatever food was set before him. Tim soon learned to turn up his little snub nose at anything but meat. Tom was a diligent mouser. Timmie napped except when he gadded. Timmie wouldn't have budged from his rug if mice had climbed all over him. "One day Tom came in proudly with a fat mouse. Whenever he caught anything the clever fellow brought it in to lay at the feet of his mistress, who praised him and bestowed a tidbit as a reward. "Tim happened to be awake and sniffed the mouse. Then he craned his head to see where it was. Before Tom knew what had happened Tim had pounced on the mouse and darted out of the door with it. "After Tom had eaten the piece of liver which was given him as a reward he went back of the stove and washed and washed his shiny black coat and polished his white paws and rest. He seemed to be thinking deeply. Very likely he concluded that Timmie wasn't a cat who could be trusted, for after that day he never let him come near him when he had a mouse or mole or tidbit of any kind. If Tim did not take warning and keep away he got a good thrashing for his ill manners."

Mrs. Mae Motz of Mansfield is now a firm believer in classified advertising. While on her way from Mansfield to Mountain Lake Park, Md., to attend a national convention of Bible Students, she, with a number of others, stopped over in Newark for a short time to call on Mr. William Christian Sr. While here she lost a valuable belt pin. She notified Mr. Christian of her loss and requested him to advertise for the pin. Mr. Christian inserted a small lost ad in the Advocate, which was the means of Mrs. Motz quickly recovering the pin. Mr. G. W. Taylor having found it on South Second street. Mrs. Taylor saw the ad and notified Mr. Christian, who returned the pin to Mrs. Motz Monday morning.

## LIGHT SHED ON A GREAT MYSTERY

Why God Permitted Sin and  
Death to Reign.

LORD'S PURPOSE EXPLAINED.

Pastor Russell Interprets Question of  
the Ages—Divine Plan for the Sal-  
vation of Mankind Premeditated  
From the Beginning—Footsteps of  
Jesus Lead the Way to Divine Favor.

Springfield, Mass., Sept. 17th.—Pastor Russell delivered two addresses here today under the auspices of the International Bible Students Association, Local Branch. We report the one in which he discussed the permission of evil by the Almighty. He took no particular text although, as usual, he quoted from the Bible freely throughout his discourse. He said in part:—

The question of the Ages is, Why did the Almighty, originally, permit Evil—Sin? And why has an Omnipotent Ruler such as He, for more than sixty centuries, permitted Satan to continue his reign of sin and death? Leaving out entirely the unscriptural theory so prevalent, respecting a purgatory of centuries, or a torment everlasting, and considering merely the trials, suffering, sorrow and pain of humanity during the present life, how shall we account for their permission by an All-Powerful Creator, who knew the end from the beginning?

Why does He permit injustice, unrighteousness, headaches, heartaches, etc.? Why does He not deal with humanity graciously, kindly, lovingly, as a Father—as He deals with the angelic sons of God? Is it just or loving on the part of our Creator to bring forth millions of his creatures under these admittedly unfavorable conditions—beset by weaknesses and sinwardness from their birth and surrounded by others similarly weak, and beset by Satan and his minions—wicked spirits? Is it just that we should thus be in an unequal fight subjected to weaknesses and dying and imperfect conditions on account of the sin of our first parents and then, on the same account, be in danger of an eternity of torture with nine hundred and ninety-nine chances out of a thousand against us?

Our question is surely too deep for any human philosophy, and those who reject the Bible as of Divine inspiration may as well abandon all hope of an answer. God Himself, and none other, could tell us of His own secrets—why He did as He did. Truly we read, "The secret of the Lord is with them that reverence Him; and He will show them His Covenant" (Ps. xlv, 4). The light now shining upon the Word of God shows us that the Divine purpose in connection with mankind is a progressive one, embracing Ages and Dispensations. If we ignore these, we are thereby blinded to the true answer to our question. Accepting these, it is the privilege of Bible students today to see the light in God's Word—to see matters from the Divine standpoint, to understand the "Mystery of God," hidden from Ages and from generations, and now made known unto His saints, namely, that in the Ages to come, all the trials and difficulties, all the sorrows and tears of the past, will be more than compensated for, and proved to be a part of the great Divine Program which will work out to the glory of God and the enlightenment and blessing of angels and men.

Man's Primary Lesson  
First of all, God chooses to have children possessed of a quality like His own—freedom of will. He therefore not only created man perfect in mind and body, but He gave to him a will, the power of choice—liberty to choose one course or another. God foresaw that giving man this liberty of will would lead to the seduction of Mother Eve, and to the disobedience of Father Adam, through his love for his wife. Adam's preference was to die with her rather than to live in harmony with God without her; for if he should disobey he would come under the sentence of death. Although Adam and the angels were perfect, they had not a perfect knowledge of their Creator, of His Love, His Wisdom, His Justice, His Power.  
God, therefore, without interfering with Adam's liberty, permitted the great calamity of death to come upon him and his race. From the very beginning God premeditated the entire Plan of Salvation, as He has since been working it out; and He will completely accomplish the same ultimate plan through Messiah's Kingdom. The great lesson which will eventually come both to angels and men will show forth Divine Wisdom, Justice, Love and Power, fully co-ordinated. In no other way that we can imagine could this great Revelation of the Divine character be so well made. If we, in order to comprehend this great Program, it is necessary that we follow strictly the Scriptural teachings, and avoid wholly the nonsense of our creeds, manufactured during the Dark Ages. We must see that "the wages of sin" is not eternal torment, nor purgatory, but death.

God allowed this reign of sin and death from Adam until Moses without so much as making an offer of terms of reconciliation and peace. Then an offer was made to the nation of Israel, and to no other nation. The offer of Israel's Law Covenant was, "He that doeth these things shall live." God, of course, knew that Israel could not keep perfectly the condition of that great and wonderful Law. The offer served as a lesson to that nation respecting the impossibility of any man's keeping the perfect Law; and the same lesson comes to us of this Gospel Dispensation. We see that what the Jew could not do we cannot do; where he failed we would fail.

Thus through the Law Covenant God taught a great lesson to Israel and to the Church; and He will ultimately teach the same lesson to the world and to angels—proving that by the deeds of the Law no fallen flesh could be recovered and re-instated in Divine favor. Four thousand years passed from man's creation, and death reigned from Moses to Christ as thoroughly as it had previously reigned from Adam to Moses. The Law Covenant did not stop the reign of sin and death. Something more than a Law is necessary. The Divine Program demands recovery from sin and death, and the Divine Program purposes this recovery.

Nearly nineteen centuries have passed since the first advent of our Lord, and still the reign of sin and death is in progress more than ever. The increase of knowledge has brought increase of sin; increase of population has brought increase of death; until today the world is in a terrible condition of mental, moral and physical dilapidation, and ninety thousand go into the tomb every twenty-four hours.

But a Remedy is in sight. It was foretold through the Prophets, but it began to operate in Jesus. His miraculous birth, His faithfulness and consecration unto death, His reward of resurrection and exaltation to the right hand of the Majesty on High, are all essential to man's recovery—essential to the overthrow of this reign of sin and death over our race.

We see still further developments and preparations. The Scriptures inform us that it is the Divine purpose to have a multitudinous Messiah, of which the glorious Jesus is the Head and the Church the Body.

We perceive that God for nearly nineteen centuries has been calling and drawing a special class of mankind to constitute His Elect, the Bride Class, to be joint-heirs with His Son in the Kingdom of Glory which will finally vanquish sin and Satan and deliver the willing and obedient of mankind into the full liberty of the children of God—freedom from sin and death, and into the enjoyment of life everlasting and Divine favor.

The Dark and Narrow Path  
This special class is required to walk by faith and not by sight—to walk in the "narrow way" of self-denial and opposition to the world, the flesh and the Adversary, in the footsteps of Jesus. Ignorance, selfishness, sin, death, all go to make up the deplorable conditions in the world and to constitute the way a narrow one in which this Elect class is required to walk, in order to demonstrate their full loyalty and obedience to the will of God—even unto death. Evidently, no such narrow way could have existed had God not permitted evil—Sin. Evidently, therefore, this Elect class could not be developed and tested except by the Divine permission of sin. The very essence of their character-development is associated with the Divine promise that "all things shall work together for good to those who love God, to the called ones according to His purpose."

It seemed wise to our Heavenly Father that our Lord Jesus should learn obedience through sufferings and be tested in respect to His willingness to endure suffering for righteousness' sake. How appropriate it is that the same Father should make similar arrangements for all of the Church, whom He will receive from amongst the race of Adam to be members of the Royal Priesthood under Jesus, the High Priest of our order.

We see a necessity for this, not only as respects our own testings and a thorough proof of our own heart-loyalty to the Lord, but additionally we see a wisdom on God's part in thus preparing a priesthood of the future. A priest, as recognized amongst the Jews, was not merely one who offered sacrifices, although every priest was of necessity a sacrificer. The special mission of the priestly tribe amongst the other tribes was that of instructing, helping, healing, teaching. And so God is preparing a Royal Priesthood for the Messianic Age to bless, to heal, to teach, to uplift all the willing and obedient.

The royalty of the priesthood signifies that it will no longer be a sacrificing class, for all sacrificing will be at an end. It will be a glorious class, royal, of the divine nature, and representatives with our Lord Jesus of the Divine power. As priests who will have to do with judging and chastening, healing and helping humanity, how much sympathetically do we suppose that these Royal Priests should have? Are they not to be on the Divine plane of glory, "members of the Body" of Messiah?

Sin's Lesson to Humanity  
Humanity is learning a great lesson through the permission of sin. Present experiences teach the lesson that "the way of the transgressor is hard." "The wages of sin is death." "The soul that sinneth it shall die." The exceeding sinfulness of sin is thus being demonstrated to humanity. Few profit by the lesson in the present life, and these are chiefly such as are called to the heavenly calling. The great majority of mankind learn to know sin, evil, only, even God's provision for

the future of mankind is obscured from the masses. "The god of this world hath blinded the minds of them that believe not, lest the light of the glorious Gospel of God's goodness should shine into their hearts."

But with the dawning of the New Dispensation of Messiah's Kingdom, the true light of the knowledge of the glory of God's character will shine everywhere. "All the blind eyes shall be opened and all the deaf ears shall be unstopped." Messiah's gracious reign, the manifestation of Divine mercy, will be for the very purpose of uplifting these poor, fallen members of our race—the masses. During the thousand years of Messiah's Kingdom, the whole world will have full opportunity for learning the great desirability of righteousness, as now, for a few years, they have the opportunity of learning the undesirability of sin.

By the close of the Mediatorial reign what wonderful lessons respecting God and evil mankind will have learned. Then will come their final testing. After full knowledge of both good and evil, Which will they choose? God urges all to choose the right and its reward of life eternal. Nevertheless, He will not coerce; He will allow each individual to take his choice, to mark out his own course, whether in harmony with or contrary to the Divine arrangements. Such, however, as come to the point of loving righteousness and hating iniquity, shall be accounted worthy of a place in the glorious Kingdom of Messiah.

The Lesson to the Angels  
God's dealings with humanity constitute a great object lesson to the angels. They perceive the inflexibility of Divine Justice—the decree of God. "Dying thou shalt die" has been unflinchingly executed against Adam and his race for six thousand years. They perceive, further, the Love of God, which passeth all understanding. They perceive the Divine provision that the Son of God should die, the Just for the unjust, to bring mankind back to full harmony with the Creator. They see the breadth of the Divine character exemplified in the great reward given to our Lord Jesus Christ for His obedience to the Father's will, even unto death—an exaltation to the divine nature, honor and immortality.

They perceive, too, a still greater manifestation of Divine goodness, in God's invitation to the Church to become joint-heirs with Christ in His glory, honor and immortality, on conditions of obedience and walking in the Master's footsteps to the extent of their ability. Who could have dreamed of such "Love Divine, all love excelling," which stooped down, not only to redeem the race, but also to invite some of the members thereof to these exceeding great and precious things which "God hath in reservation for them that love Him."

Next in order the world will receive Divine mercy, extended through Jesus, by the Father's arrangement, to Adam and every member of his race, no matter how degraded, no matter how fallen, no matter how mean. The redeeming blood has been shed, "The Just for the unjust," for the sins of the whole world.

Divine Power and Wisdom  
While Divine power is manifested in all the realms of nature and creation, a still greater Divine Power was manifested in the resurrection of our Lord Jesus from the dead, after He had been deceased three days. But even the power manifested in our Lord's resurrection seems small in comparison to the further works of resurrection which the Scriptures assure us our dear Lord's death insures. It will be a still more miraculous work to resurrect the Church to glory, honor and immortality, after many of them have been in the power of death for centuries.

And still more stupendous is the resurrection work which God proposes for the world of mankind—thousands of millions to be awakened, and restored to the same conditions they formerly enjoyed—conditions, however, of imperfection, from which they will be gradually released and uplifted by Messiah.

This resurrection work for the world, which will be gradually carried forward during that thousand years, will all be accomplished by the Father's power, through the Messiah, the Mediator of the New Covenant. It will be a continuous miracle of awakening and uplifting the race.

Divine Wisdom Yet to Be Seen  
Not until the close of the reign of Messiah and the complete uplift from sin and death of all of Adam's race willing to return to Divine favor, will the Wisdom of God be manifested in its full, clear light. Already some may see, partially, obscurely, some of God's Wisdom, but the majority are still inquiring, Why was evil permitted? These have not yet seen the Divine Wisdom in connection with the permission of evil. Ultimately this shall be clearly seen—by the saints, by the angels and by the world of mankind. Well does the Revelator exclaim:—"Who shall not glorify Thee, O Lord! when Thy righteous dealings are made manifest?" "All nations which Thou hast made shall come and worship before Thee" (Revelation xv, 4). As now, "Day unto day uttereth speech and night unto night sheweth knowledge, and there is no place where the voice is not heard"—the voice of Nature, acclaiming her God—so, eventually, "Every creature in heaven and earth and under the earth shall be heard saying: 'Praise, glory, honor, dominion and might be unto Him that sitteth upon the Throne and unto the Lamb forever.'" All this will be the result of God's permission of sin—of His permission of the reign of evil, sin, death. The key is found in the Plan of the Ages—showing the work which each Age is to accomplish, and the grand climax, eventually, of evil.

## ROBBERS

dressed in ordinary clothing, but the victims could not give the police any accurate description of the garments he wore.

One of the boarders who has been sick for several months, had exhausted all but \$46 of his savings, and the robbers got the entire amount along with the other money.

A part of the stolen money, \$264.00, was enclosed in an envelope and was stamped and addressed, ready for mailing, Boze Spool, the sender, having agreed to enclose the money of several of his companions to be sent to the old country.

This morning, when the victims of the clever thief made inquiries regarding the alleged bank robbery, they realized that they had been the victims of a clever hold up artist and immediately sought the police.

Several of the boarders were very indignant this morning when the police were conducting their investigation, they were inclined to hold Bellerino responsible for their loss.

In the best English they could muster, which was not good, they told Captain Swank that Bellerino should have awakened them and allowed them to defend their own savings. One of the men hotly declared that he would compel Bellerino to pay him back the entire amount stolen.

Captain Charles Swank has the names of the victims and the receipts given by the "policeman" for the money he took.

## WELCOME THE OLD VETERANS AND DECORATE

The Thirty-first Ohio Volunteers will be with us Tuesday and Wednesday of this week. Let us show our visitors, by our acts, that we appreciate their visit. Nothing so much advertises a city as to have visitors go away feeling they had been welcome, not only by those inviting them, but by the business men and people in general. The regiment selected Newark for their meeting this year because of the hearty welcome received three years ago. Our visitors pay their own way so nothing is asked from the citizens but a hearty welcome, and to extend the right hand of fellowship. Put our flags and show these boys that Newark is as loyal and patriotic today as in 1881, when they marched to the front. Drop in at their meetings and especially attend the campfire Tuesday evening at Memorial hall.

Wednesday afternoon at 1:30 there will be a parade of the regiment and all comrades who will join in, led by the "Old Guard" and Old Guard Drum Corps. The parade will be confined to the square only, after cars will be taken for the Old Fort for an afternoon outing. Music addresses by Rev. J. A. Bennett and others, base ball game by two nine selected from old veterans, drills and dress parade by the Old Guard. Everybody cordially invited.

Do not forget to hang out "Old Glory." The ladies of the Relief Corps will serve a fine dinner on Tuesday for the visitors to which all comrades and friends are invited. Price 25c.

## PRISONER

(Continued from Page 1.)

the railway yards and stations, opened communications with all neighboring cities and villages, and sent messages to the chiefs of police along the railway lines. He then questioned all the guards and prisoners who might have seen the disguised convict on his way out.

When he interrogated Dick Cox, a colored trusty, who drives the warden's carriage, a clue was found. Cox said he saw a peculiar looking woman come out of the front of the penitentiary and walk west in Spring street till she disappeared from sight beyond Cozzens street. He was in front of the stable where he could see the supposed woman distinctly. In stepping over a curbstone she raised her skirt and exposed the bottom of a pair of trousers beneath. Cox said he also wore a light pair of woman's gloves.

Cox ran to give the alarm, suspecting that a prisoner was escaping. He met Deputy Warden Resch, who, with his wife, had started driving. When Cox told him what he had seen, the deputy, according to his statement before Warden Jones later, drove rapidly in the direction the strange woman had taken, and searched all the streets and alleys of the vicinity. He found no trace of the person, and thought that Cox had put up a joke on him. He did not notify the prison, but continued his drive.

Two weeks ago Soboleski's wife sued him for divorce. Since then he has attempted suicide several times, and it is thought that his mind is affected. He was heard to declare that there was nothing to live for now, and that even if he got out his wife would have all his property. The authorities think he escaped to Toledo on an excursion train, with the intention of finding his wife and killing her.

Soboleski is described as being of medium build, weighing 150 pounds, with a medium fair complexion, blue eyes and curly chestnut hair. The crime for which Soboleski was convicted was atrocious, March 23, 1909, he went to the farm home of Ludwig Krueger and deliberately murdered Krueger and his wife. In order to get possession of the Krueger property, valued at \$1200. After stabbing the couple to death he buried their bodies in the cellar and set fire to the house. The bodies were found April 1 and Soboleski was immediately arrested. His trial was held almost immediately and he was convicted on circumstantial evidence of a very strong nature.

A telegram from Toledo last night said that the Toledo police believe Soboleski will return there at once, as they have been informed that he has threatened to kill his wife, since her suit for divorce was filed. They criticize the policy of the prison administration for permitting the prisoner to have his extensive privileges under the circumstances.

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pain in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. S. M. MULLIN, 2738 N. B. St., Elwood, Ind.

## AMUSEMENTS

### WHAT THE PRESS AGENT SAYS

Seven Days.

"Seven Days" is coming, a week of laughter morning, noon and night and all the time. The merriest of all comedies, a play that gives the laughing habit, will be at the Auditorium theatre Wednesday, Sept. 20, matinee and night. Of course there are many in this city who have seen "Seven Days" and they will be the very first to step up and buy tickets for it now, knowing what a good thing it is—too good to miss. And they can depend on getting more fun out of it now than ever, for at least two reasons.

My Cinderella Girl.

Frederick V. Bowers, in his jolly, dashing presentation of swaggy college life in the snappy musical comedy, "My Cinderella Girl" direct from its record breaking run of 311 nights at the Whitney opera house, Chicago, in which he is being starred the present season, has as a fellow player his blue ribbon French bull dog, Soudan II. Mr. Bowers is immaculately tailored by the finest artists in men's togs on Fifth avenue. "My Cinderella Girl" will play at the Auditorium theatre Thursday evening, Sept. 21.

The Nest Egg.

Anne Caldwell's new rural comedy, "The Nest Egg," comes to the Auditorium theatre Saturday, Sept. 23, matinee only, with Miss Lois Frances Clark in the leading role. As Betty Gandy, the village seamstress in the piece, Miss Clark plays the role of a well seasoned spinster, who hungers for love. Miss Clark bases her characterization on real life, not on the comic supplement pictures; her old maid is self-respecting, if she is romantic; she is prim and tidy, as only old maids know how to be; she is sharp of tongue and tender of heart, and she is philosopher enough to take what the fates send and grumble only a little.

The Fortune Hunter.

"The Fortune Hunter" can be put down in the credit column of the history of our stage in red ink. It has made one of those sure successes that rarely come to an author or producer in a life time and the gentlemen who have given this play to the stage deserve the sincere gratitude of its patrons. Here is an American comedy by an American author, without a flaw. "The Fortune Hunter" ranks high as an entertainment and the obvious moral it teaches is as powerful a sermon as any pulpit discourse ever delivered. The play will be the offering at the Auditorium soon.

## MONEY BACK CURE FOR RHEUMATISM

No wonder Evans' Drug Store is having such a large sale on RHEUMA when it cures Rheumatism so quickly and they guarantee it.

It's simply wonderful how quickly it gets after any kind of Rheumatism and drives agony from the joints and muscles.

A. A. Bellows, East Orwell, Ohio, writes: "I have taken three bottles of RHEUMA and am cured of Rheumatism. I want two bottles for my cousin, who is very badly crippled with the disease."

No remedy on earth can compare with this new discovery, RHEUMA, for it acts on blood, kidneys, liver and bowels all at once and makes you feel better in a day.

A bottle of RHEUMA only costs 50 cents at EVANS' Drug Store, or by mail, charges prepaid, by Rheuma Co., Buffalo, N. Y.

Indigestion vanishes and all stomach distress disappears. Ask Evans' Drug Store for ENGLISH MARHUB, 25 cents. Mailed by Rheuma Co., Buffalo, N. Y.

## A Carpet Department That Fulfills All Requirements

As to Patterns, Quality, Price, Assortments, Facilities, Convenience, Opportunity

New Fall Stock Now Ready

We'd like to sit right down and talk with you about the Floor Covering part of this great store. If you knew the pains that are taken to get patterns that will please you; if you knew how we strive to buy right in order that you may buy right; if you knew how earnest we are in our desire to satisfy you in every particular; if you knew to what length we'll go to see that you never regret a purchase made here—if you knew these things as we know them, it would be difficult to wait upon the many customers that would respond to this advertisement.

### Our Extraordinary Buying Advantages

The principal reason as to why we are in position to quote such wonderfully low prices at the very outset of the season, is because of our **WHOLE**

**SALE HOUSE** connection, which we maintain at 70 and 72 FRANKLIN ST., NEW YORK CITY. In addition to our wholesale house in New York, we conduct five retail stores in Ohio, Indiana and Iowa. Buying as we do in enormous quantities direct from the mills in many instances car load lots. This fact alone gives us unusual price concessions, the right of the large buyer—so that we in turn can give our customers many benefits that could not be obtained elsewhere.

Prove this by looking through our stocks. Never before in the history of our store were we able to show such a varied, complete and attractive assortment of Floor Coverings as now, and never were we able to quote such low prices.
